

## Family Air Tents

## Family Tents driven by our passion for design innovation & attention to detail...

At Outdoor Revolution we put family camping at the heart of our tent range, as well as maintaining the highest standards in product quality we are always on the lookout for new and innovative ways that we can improve the camping experience for families and friends holidaying in the great outdoors. As pioneers of the air framed tent, we have continued to develop our products using the latest technological advancements in terms of fabrics and component innovations to bring you very best camping experience possible. Together with our air tube \*Lifetime Guarantee on models incorporating our unique IF relief valve, continues to offer our customers unrivalled peace of mind, something not found by any other tent manufacturer.

Breathability is vitally important in all our tents, which is why we have concentrated our efforts in adding extra ventilation for 2019 in all our new and updated models; vital during hot summers and in countries with warmer climates. Incorporated into all our family tent models is our famed vortex bedroom ventilation system, helping to increase air flow and vastly reduce condensation and stuffiness, creating a more comfortable atmosphere. Along with our new twilight grey bedroom fabric which dramatically cuts down unwanted light levels inside the sleeping area, our new bedrooms offer unrivalled sleeping comfort.

Our best selling premium air framed Airedale tent range returns for another year with stylish and practical upgrades along with a wider range of sizes and models to choose from.

So whatever your camping requirements, we can truly say that we have something for everyone.

Designed in the Uk, enjoyed across the world.

As the pioneers and innovators within this field, **Outdoor Revolution** are so confident in the reliability of product with an Intelligent Frame that we offer a \***LIFETIME GUARANTEE** on the Air Tube with an IF Valve...

## Why choose an Outdoor Revolution family air tent

### Freedom & peace of mind...

Outdoor Revolution have pioneered the Oxygen Air Frame System; the quickest, easiest and most reliable air frame and inflation system on the market today. A system unique to Outdoor Revolution and envied by other manufacturers of air tents.

Our unique pressure relief valve (IF - Intelligent Frame) is designed to regulate and control the air pressure inside the air tube and acts as a safety mechanism to prevent burst air tubes through over inflation or excessive air expansion on hot days.

Whilst factory tested up to 19PSI, we recommend the Oxygen Air Frame is inflated to a working pressure of approximately 6PSI, which is around the max pressure to which our relief valve is factory set at before it starts to release excess air pressure. Depending on ambient temperature changes, the PSI can increase dramatically on warm sunny days as the air inside the tube will expand. If the PSI pressure increases to over the recommended 6PSI (through either over inflation or changes in ambient temperature) the Intelligent Frame Relief Valve will expel the surplus air and maintain the air pressure within the air frame at a safe level. This unique system ensures that the tubes cannot be stressed and damaged by increasing pressures.

Deflating the Oxygen Air Frame is simple with our easy to operate DSV valve (Dynamic Speed Valve). With just a simple push of a button, the valve will expel all the air from the frame, which will deflate and come down in seconds. No messing around with unscrewing difficult to get hold of leaky, slippery and unreliable valve caps.

**Because we are so confident in our air frame family tents, we offer a \*LIFETIME GUARANTEE on all air frame models which incorporate our unique IF - DSV inflation system.**

## Quality & choice in fabrics...

### **480HDE - (6000 Hydrostatic Head)**

The double rip-stop in the premium 480HDE high density endurance fabric ensures the optimum strength to weight ratio of any tent fabric. It has been woven using the latest high density weave textile manufacturing techniques to provide the longevity and performance of much heavier denier fabrics without the impracticality and constraints of weight. Fade resistance and longevity is guaranteed to give a high-quality performance product.

### **180HDE HEX - (4000 Hydrostatic Head)**

Our 180HDE fabric has been designed to deliver exceptionally lightweight yet robust, durable, products, allowing smaller folded pack sizes where weight and space limitations are of consideration. This high density weave fabric is printed with our signature Hex design, visually encapsulating the technical qualities of this exceptionally strong but lightweight technical tent fabric.

### **Pro Climate - (6000 Hydrostatic Head) Pro.Climate.**

Our signature Pro Climate fabric incorporates years of learning to create a technical, high performance, practical man made fibre fabric with the breathability and feel of polycotton. This superior fabric provides the ultimate performance of any breathable tent fabric; marrying the water repellent and technical lightweight properties of polyester with the comfort and feel of natural fibres. We are the first commercial manufacturer to develop and introduce this kind of fabric, exclusive to Outdoor Revolution.

### **100HDE - (3000 Hydrostatic Head)**

This lightweight fabric has been specifically designed to deliver lightweight, compact products whilst maintaining strength and durability. Woven using the latest high density weave textile manufacturing techniques, this fabric is designed for its lightweight performance with a high strength to weight ratio.

480HDE double ripstop premium tent fabric.

## Technology & Innovation

The new Outdoor Revolution 2019 Airedale 5.0 S

# Specifications Quick Look Guide

[illegible]

# AIREDALE 4.0

OXYGEN AIRFRAME TENT // SMALL FAMILY

...Compact & stylish

Upgraded and redesigned for 2019, Outdoor Revolution's Airedale 4.0 is a compact, but perfectly formed four person family air tent with extended front sides for a weather protected canopy area. This easy to pitch tent is made with our high-performance, lightweight, waterproof 180HDE Hex high density weave fabric. The four-person rear inner tent features a zipped divider for privacy along with new darkened twilight grey bedroom fabric, cutting down on exterior light. We see breathability as being vitally important in all our tents, which is why we have added extra ventilation to the Airedale 4.0 in the form of a living area mesh panel in the left side window, a side door zipped mesh panel along with our famed rear bedroom vortex ventilation system which increases the air flow around the sleeping area for a more comfortable night's sleep.

# AIREDALE 5.0s

OXYGEN AIRFRAME TENT // MEDIUM FAMILY

...Compact & practical

Set to be a new modern family favourite, the Airedale 5.0s is great for family weekends away or longer holidays for couples. This quick pitch five-berth family air tent is made from our waterproof, lightweight 180HDE Hex high density weave fabric and features our signature Phoenix Mesh door panels to keep insects out whilst still allowing airflow and maintaining a cool breathable environment. The bedroom's vortex ventilation system increases the air flow around the sleeping areas, for a more comfortable night's sleep whilst the large panoramic tinted windows let masses of light into the tent whilst reducing the glare from the sun and aiding in reducing internal temperature. The versatile front door can be zipped and tied back to either the left, right or central position and can even be zipped up to create a handy front canopy with the aid of canopy poles (*sold separately*).

AIREDALE 6.0S
OXYGEN AIRFRAME TENT // LARGE FAMILY

...Family favourite

Upgraded for 2019, Outdoor Revolution's Airedale 6.0 S is a six-berth family air tent with a host of exciting new features and benefits, including the option to add a front porch canopy extension, giving even more functionality to this already best selling family air tent model. Made with our high-performance waterproof 180HDE Hex high density weave fabric, which is both lightweight, durable and offers excellent weight to strength ratio. Breathability is vitally important in all our tents, which is why we have added extra ventilation in the 2019 Airedale 6.0S with a mesh panel in the front left side upper window and in the left hand side door. Our famed bedroom vortex ventilation system increases the air flow around the sleeping areas, which coupled with our new darkened twilight bedroom fabric, offers a very comfortable night's sleep. The six-person rear inner tent features zipped dividers and creates lots of sleeping options and versatility with 3 separate 230cm extra deep bedrooms. Perfect for accommodating larger king sized air beds.

AIREDALE 6.0 Pro.Climate.
OXYGEN AIRFRAME TENT // LARGE FAMILY

...The coolest tent on the campsite

Outdoor Revolution's premium breathable air tent returns for another year. Made with our signature Pro Climate breathable fabric, the tent remains cool in the summer months for a more comfortable camping experience. The fabric has the look, feel and breathability of natural fibres and the strength, durability and lightweight properties of a man-made material. This superb large family air-framed tent is ideally suited for summer breaks in warmer climates, where breathability and keeping down the interior temperature for optimum comfort is a prerequisite; reducing interior humidity and condensation. The fully zip back front door incorporates expansive tinted windows with zip up curtains; bringing in more light to give greater flexibility to this feature packed family tent. The front door can be opened and tied back halfway or fully zipped back and can be fully sealed off at night with a zip across base. Our upgraded deeper King Deluxe bedrooms offer ample room for double air mattresses with increased standing height to the rear. The airy vortex vented bedrooms can be opened up as one giant sized deluxe bedroom, split into either 3 double rooms or 1 double and 1 king size room.

It's COOLER in Pro.Climate.

AIREDALE 7.0  
OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

...Spacious and feature packed

Made from our high-performance, waterproof 180HDE Hex high density fabric with upgraded additional features for 2019, the Outdoor Revolution Airedale 7.0 is a spacious six-berth family air tent with a large living area. Featuring a left hand side utility annexe with a zipped close off door, which has a multitude of uses such as a wardrobe, a space for pets, or to house a toilet. Extra ventilation has been added in the form of a mesh panel in the side door, internal divider door mesh panel and rear bedroom vortex ventilation system which increases the air flow around the sleeping area for a more comfortable night's sleep. The six-person rear bedroom also features zipped dividers and a zip off end bedroom with our new darkened twilight fabric to cut down on interior light levels. Additional inner clipping points creates a further option to add an additional two-person inner tent, increasing the sleeping capacity to 8; great for a growing family or to sleep additional guests. Additional accessories are available to purchase alongside this product, such as the Airedale 7.0 porch canopy extension and the coordinated Airedale Windbreak.

Table with 6 columns: Model, Width, Length, Height, Weight, Pack Size. Row 1: O-Zone 6.0 XTRv, 420cm, 800cm, 235cm, 50.6kg, 89x62x62cm

Colour - Graphite/Warm Grey

Optional Extras:

- O-Zone 6.0XTRv footprint protection groundsheet
- O-Zone 6.0XTRv snugrug
- O-Zone 6.0XTRv lounge liner
- O-Zone 6.0XTRv accessory zip door
- O-Zone 6.0XTRv accessory mesh door
- 2 person clip in inner tent
- O-Zone 6.0XTRv canopy
- Lumi Link LED tube lighting kit
- Lumi Lights and Up/Downlighter shades
- clip in 2 person inner tent
- Inflatable 2 person inner tent

## O-ZONE 6.0XTRv - ACCESSORIES ...*The little extras that make the difference*

O-Zone 6.0 XTRv Snug Rug - Designed to give additional luxury under foot, featuring thermal backing and padding to ensure additional comfort to any stay. The Snug Rug comes complete with moveable velcro down 'door mats' to accommodate muddy footwear.

O-Zone 6.0 XTRv Lounge Liner - Creates a relaxing ambience to the interior of the tent by providing shade from roof glare in bright conditions. The added layer of insulation helps to keep the tent cool on warm days & warmer on cool days by creating an air pocket between the liner and the tent roof, helping to reduce condensation.

2 Person Inner Tent - Clip-in inner tent provides fantastic additional sleeping space for overnight guests. Made from darkened twilight grey microfibre fabric to assist a comfortable night's sleep and plenty of mesh venting to ensure optimum air circulation.

## O-Zone Canopy

The O-Zone Canopy simply zips on to the front of the tent to provide a fantastic sun canopy, or great covered cooking space. Simplistic in design and taking just minutes to connect and put up, this essential addition packs down easily and neatly into its own individual carry bag.

O-Zone 6.0 XTRv Mesh Door - The standard door can be replaced by the optional Mesh Door. The Phoenix Mesh Door increases airflow whilst helping to prevent insects entering the tent, or pets and small children from escaping.

Phoenix self healing mesh

O-Zone 6.0 XTRv Solid Door - This addition really utilises the full potential of the O-Zone 6.0 XTR Vario, enabling the user to create a superb concealed storage space or a divided sleeping compartment for overnight guests or older children.

## CAMPESE Inflatable Furniture

New from Outdoor Revolution, the Campese inflatable furniture range is a stylish, contemporary addition to any family tent, driveaway, or caravan awning, creating a comfortable home from home space to kick back and relax.

Available in the range are both single and double inflatable sofas and an inflatable footrest. The strength and rigidity in the furniture's exterior fabric cover make it comfortable and supportive, just like a regular sofa. The furniture is inflated through the inner air chamber and covered with a second layer durable polyester fabric that can be easily wiped clean.

CRUIZ 4.0  
OXYGEN AIRFRAME TENT // SMALL FAMILY

...Family weekender

The new Cruz 4.0 is an excellent value four-berth family air tent packed with features. The tent is made with a waterproof 100HDE high density lightweight fabric and comes complete with a signature Outdoor Revolution Snugrug carpet. # Screenhouse 4/6

POP UP SUN SHADE GAZEBO

...Hot lazy days

New for 2019, the Screenhouse 4 & 6 models are the ideal summer accessory for keeping cool and relaxing in the garden or as an additional gazebo alongside your tent for camping holidays. The roof is made from a waterproof, 100HDE fabric, with a reflective coating to help reduce the temperature. The frame is made from fibreglass and is erected with a quick and easy to use pop-up system. The screenhouse is available in two different sizes; a four sided and six sided. Both sizes are compatible with the Lumi-Link lighting systems. Privacy panels are also available to purchase in pairs which are fitted onto the mesh side panels to make the area more private, offering protection from a chilly evening breeze.

## Screenhouse 4/6 Main Features

- 100HDE high density all weather lightweight fabric
- 3000mm hydrostatic head
- Fibreglass frame pop up system
- Fully taped waterproof seams in the roof area
- Phoenix mesh ventilated side panels

## JET-STREAM PUMP

### JET-STREAM

COMPACT HIGH PRESSURE AIR PUMP

The Outdoor Revolution Jet Stream pump is a compact and powerful high pressure air pump, designed specifically for inflating your air tent or air awning. The powerful air pump can be set at the desired PSI setting and will automatically cut off once the correct pressure is reached, preventing tube damage often caused by over inflation. Complete with a set of valve adaptors to fit most brands of air tent products. Also features a 5m retractable cable which is housed neatly inside the main unit.

## JET-STREAM TWIN PUMP

### JET-STREAM TWIN

COMPACT HIGH PRESSURE TWIN TURBO AIR PUMP

The Outdoor Revolution Jet Stream twin pump is a compact and speedy high pressure air pump, designed specifically for inflating your air tent or air awning at nearly twice the speed of its smaller version. The pump can be set at the desired PSI setting and will automatically cut off once the correct pressure is reached, preventing tube damage often caused by over inflation. The pump also features twin 5v USB charging points for mobile phones or other Outdoor Revolution USB charging products. Complete with a set of valve adaptors to fit most brands of air tent products. Also features a 5m retractable cable which is housed neatly inside the main unit.

TECH PEGS

The Tech-Peg is a technical tent peg, designed with a tough double sided peg head for holding guy lines and pegging down points safely and securely. The twisted nail shaft helps to achieve a better grip and easier insertion into awkward ground. Sold conveniently in their own durable storage box with integrated peg cleaner in the box lid for cleaning dirty pegs before putting them away.

STORM KIT

The Deluxe Storm Kit incorporates all you need to secure your awning or tent in awkward, stormy conditions. The kit includes 15 Tech-Pegs for easy pegging and firm hold, 2 adjustable Endurance Storm Straps and a cleverly designed, curved handled mallet, ergonomically designed to aid when placing pegs at awkward angles.

ANGLE MALLET

The Angle Mallet is cleverly designed to help place pegs into the ground at the correct angle. The weighted mallet head makes light work of placing pegs into hard ground. Incorporating a handy peg puller at the end of the handle.

MULTI- MALLET

The Multi- Mallet is a technical mallet with multi- functional features that make it a ‘must have’ camping accessory for everyone. Incorporating an extending peg puller to help prevent back ache caused by bending over when extracting pegs. This conveniently retracts back into the lightweight alloy handle when not in use. A convenient brush peg cleaner can be accessed to clean up those dirty pegs before putting them away. A weighted rubber mallet head makes light work of knocking pegs into hard ground.

DOUBLE ACTION PUMP

The Outdoor Revolution Double Action Air Pump is designed for the fast inflation of your Air Frame Awning, Tent, inflatable boat.

Incorporating an automatic switch from double to single action when the pressure exceeds 400 mBAR (5.8 PSI). Suitable to inflate Outdoor Revolution Oxygen Air Frame awnings, tents & inflatable boats. Capacity: Max 4,000 cc – max pressure 800 mBAR (11.6 PSI).

DC 12v ELECTRIC AIR PUMP

Designed specifically for inflating air mattresses and inflatable furniture (Campese Furniture), the Outdoor Revolution DC 12v Electric Air pump is a compact low pressure fan air pump that packs enough power to quickly inflate any large volume inflatable camping product. Complete with a set of 3 universally fitting nozzles, the pump is compatible with pretty much every inflatable air mattress or inflatable chair on the market. Powered by connecting to your vehicles DC 12v volt cigarette lighter power point though is 180cm power lead and power adaptor. This clever little air pump can even be set to deflate. Handy when you need to get out every last bit of air from your inflatable for packing away.

THE BIG LOO

Big Loo Portable Toilet is a convenient no fuss portable toilet bucket with a removable lidded seat and robust carry handle. The perfect convenience for those little trips in the night. Available in a discrete grey colour.

## POWER PEGS

Robust Power Pegs pegs, ideal for use on hard and stony ground. Cost effective tough pegs to ensure secure pitching into the hardest of ground.

### Glow Pro

A heavy duty steel peg that glows in the dark and helps prevent accidents by tripping over pegs at night. Set of 20 per box.

### Screw Pegs

Ideal for use in hard & shaley ground. More solid & robust than standard pegs & designed for easier pegging. Set of 20 per box.

### Hard Ground Pro

Blue Diamond Hard Ground Pegs are heavy duty metal pegs for tents and awnings with a bright orange plastic hook for extra visibility. Set of 20 per box.

### Daisy Pegs

Box of 20 novelty tent & awning pegs with peg cleaner. Assorted mix & match multicoloured flower heads. Set of 20 per box.

### Groundsheet Pegs

A heavy duty steel groundsheet peg, suitable for all groundsheet pegging. Works great on hard, stony and difficult ground. Set of 15 per box.

### Pile Driver Pro

Thick, heavy duty steel peg with corkscrewed shaft for extra grip in hard, stony ground. Set of 20 per box.

The Blue Diamond **Nature Calls Portable Toilet** offers perfect hygiene away from home as well as high quality construction and being easy to use. The compact dimensions make this unit very easy to keep clean. The top part (15 Litres) and base part (20 litres) are connected using practical and robust plastic clips. The base part also has a very sturdy handle for convenient transport and disposal of waste water.

### Toilet Fluid

A concentrated toilet fluid designed to contain waste and eliminate odour. Most effective when used in conjunction with Blue Diamond Bowl Cleaner. In 1, 2 & 4 ltr bottles

### Uno Chem

A specially concentrated formula of environmentally safe ingredients to disinfect & deodorise your toilet. In 1 & 2 ltr bottles.

### Bowl Cleaner

Add to your top tank to ensure that when you flush, your toilet is cleaned and refreshed. Works in unison with Blue Diamonds Toilet Fluid In 1 & 2 ltr bottles.

### Nature Calls

A specially concentrated formula of environmentally safe ingredients to disinfect & deodorise your toilet. In 2 ltr bottles.

### TOILET TISSUE

Enviro-Soft Toilet Tissue is a quick dissolving toilet tissue especially designed for use in all leisure toilets. Now available in a 4 pack.
