

## Family Air Tents

## Design innovation, avant-garde technology & product passion is our mantra which defines our philosophy in creating iconic family tents...

At Outdoor Revolution we put family camping at the heart of our tent range; as well as maintaining the highest standards in product quality we are always on the lookout for new and innovative ways that we can improve your family camping experience in the great outdoors. As pioneers of the air framed tent, we have continued to further develop and enhance our products using the very latest technological advancements in terms of fabrics, component innovations and modern manufacturing methods to bring you very best camping experience possible. Together with our air tube \*Lifetime Guarantee on models incorporating our unique IF relief valve, which continues to offer our customers unrivalled satisfaction and peace of mind, something not found from any other tent manufacturer.

New for the 2020 season is our highly acclaimed and award winning range of Polycotton luxury family tents, featuring pioneering innovations such as the double side annexe which now also features in the upgraded Airedale 7.0SE. This award winning annexe features multiple functions including a double sleeping inner tent, exterior entrance door, camping storage; a great addition without over increasing the overall tent footprint.

We have also been busy inventing innovative new accessories such as the Oxygen Tube Pocket Storage System, the Pronto Pop Up Windbreak and the new Campese Inflatable Sofa Bed, offering comfortable home from home seating as well as combinations of double and single air beds, all in one product.

So whatever you think you knew about camping - check out our product ranges - then think again!

Designed in the UK, enjoyed across the world.

As the pioneers and innovators within this field, **Outdoor Revolution** are so confident in the reliability of product with an Intelligent Frame that we offer a **\*LIFETIME GUARANTEE** on the Air Tube with an IF Valve...

## AIREDALE TENT RANGE

& leisure sanitation products. 68-69

Why choose an Outdoor Revolution family air tent

## Freedom & peace of mind...

Outdoor Revolution have pioneered and perfected the Oxygen Air Frame System; the quickest, easiest and most reliable air frame and inflation system on the market today. A system unique to Outdoor Revolution and envied by other manufacturers of air tents.

Our unique pressure relief valve (IF - Intelligent Frame) is designed to regulate and control the air pressure inside the air tube and acts as a safety mechanism to prevent burst air tubes through over inflation or excessive air expansion on hot days.

Whilst factory tested up to 19PSI, we recommend the Oxygen Air Frame is inflated to a working pressure of approximately 6PSI, which is around the max pressure to which our relief valve is factory set at before it starts to release excess air pressure. Depending on ambient temperature changes, the PSI can increase dramatically on warm sunny days as the air inside the tube will expand. If the PSI pressure increases to over the recommended 6PSI (through either over inflation or changes in ambient temperature) the Intelligent Frame Relief Valve will expel the surplus air and maintain the air pressure within the air frame at a safe level. This unique system ensures that the tubes cannot be stressed and damaged by increasing pressures.

Deflating the Oxygen Air Frame is simple with our easy to operate DSV valve (Dynamic Speed Valve). With just a simple push of a button, the valve will expel all the air from the frame, which will deflate and come down in seconds. No messing around with unscrewing difficult to get hold of leaky, slippery and unreliable valve caps.

**Because we are so confident in our air frame family tents, we offer a \*LIFETIME GUARANTEE on all air frame models which incorporate our unique IF - DSV inflation system.**

## Quality & choice in fabrics...

### **480HDE** - (6000 Hydrostatic Head)

The double rip-stop in the premium 480HDE high density endurance fabric ensures the optimum strength to weight ratio of any tent fabric. It has been woven using the latest high density weave textile manufacturing techniques to provide the longevity and performance of much heavier denier fabrics without the impracticality and constraints of weight. Fade resistance and longevity is guaranteed to give a high-quality performance product.

### **180HDE HEX** - (4000 Hydrostatic Head)

Our 180HDE fabric has been designed to deliver exceptionally lightweight yet robust, durable, products, allowing smaller folded pack sizes where weight and space limitations are of consideration. This high density weave fabric is printed with our signature Hex design, visually encapsulating the technical qualities of this exceptionally strong but lightweight technical tent fabric.

### **Pro Climate** - (6000 Hydrostatic Head)

Our signature Pro Climate fabric incorporates years of learning to create a technical, high performance, practical man made fibre fabric with the breathability and feel of polycotton. This superior fabric provides the ultimate performance of any breathable tent fabric; marrying the water repellent and technical lightweight properties of polyester with the comfort and feel of natural fibres. We are the first commercial manufacturer to develop and introduce this kind of fabric, exclusive to Outdoor Revolution.

### **Polycotton**

New for 2020 is our acclaimed range of 3 Polycotton family tents, including the award winning Kalahari PC 7.0. Manufactured using the latest technology in Polycotton textile production, blending the very best premium cotton and polyester yarns, carefully selected for their properties in strength, breathability and weather protection; then fully tested in every weather condition that we can possibly throw at it. The result, a premium Polycotton fabric with advanced technical properties, excelling in breathability, strength, weather protection and UV resistance. Only a Polycotton fabric of this quality is deemed by us to be worthy enough for us to use in the manufacture of our premium luxury Polycotton tent range.

### **100HDE** - (3000 Hydrostatic Head)

This lightweight fabric has been specifically designed to deliver lightweight, compact products whilst maintaining strength and durability. Woven using the latest high density weave textile manufacturing techniques, this fabric is designed for its lightweight performance with a high strength to weight ratio.

## Technology & Innovation

Outdoor Revolution family air tents represent the most advanced developments in modern tent technology and the very finest standards in British design and innovation. Outdoor Revolution are proud to be the industry innovators of the modern air tent, to which our aim is to always listen to our customers needs when designing new products. Our 2020 range provides a broad and diverse family air tent collection, designed with something to suit families of all sizes.

Our choice of technically advanced fabrics, which now includes a premium polycotton, are specifically designed and selected for their specific qualities in durability, UV and fade resistance, weather proofing and with a high strength to weight ratio. Every tent design is fully weather tested in our purpose built rain house, which simulates heavy rainfall comparable to a tropical storm. All our air tubes are fully tested individually for a minimum of 72 hours before being installed into our air tents. Our inflation and pressure relief valves are individually tested to precise high pressure tolerances in laboratory conditions before being installed into air tubes. All these things, together with new innovations make your choice to buy an Outdoor Revolution family air tent a true leisure time investment.

# AIREDALE 5.0s

OXYGEN AIRFRAME TENT // MEDIUM FAMILY

*...Compact & practical*

OXYGEN AIRFRAME 

An award winning modern family favourite, the Airedale 5.0s is great for family weekends away or longer holidays for couples. This quick pitch five-berth family air tent is made from our waterproof, lightweight 180HDE Hex high density weave fabric and features our signature Phoenix Mesh door panels to keep insects out whilst still allowing airflow and maintaining a cool breathable environment. The bedroom's vortex ventilation system increases the air flow around the sleeping areas, for a more comfortable night's sleep whilst the large panoramic tinted windows let masses of light into the tent whilst reducing the glare from the sun and aiding in reducing internal temperature. The versatile front door can be zipped and tied back to either the left, right or central position and can even be zipped up to create a handy front canopy with the aid of canopy poles (sold separately).

## Airedale 5.0s Main Features

- **180HDE** Hex printed, high density all weather lightweight fabric
- Impressive 4000mm hydrostatic head
- Inflatable Oxygen Air Frame
- **LIFETIME GUARANTEE** on the **Air Frame System** (*T's & C's apply*)

# AIREDALE 6.0s

OXYGEN AIRFRAME TENT // LARGE FAMILY

*...A firm family favourite*

OXYGEN AIRFRAME 

The Outdoor Revolution Airedale 6.0 S is our most popular and acclaimed six-berth family air tent with a host of features, including the option to add a front porch canopy extension, giving even more functionality to this already best selling family air tent model. Manufactured using our high-performance waterproof 180HDE Hex high density weave fabric, which is both lightweight, durable and offers excellent weight to strength ratio. Breathability is vitally important in all our tents, which is why we have added extra ventilation in the Airedale 6.0S with a mesh panel in the front left side upper window and in the left hand side door. Our famed bedroom vortex ventilation system increases the air flow around the sleeping areas, which coupled with our new darkened twilight bedroom fabric, offers a very comfortable night's sleep. The six-person rear inner tent features zipped dividers and creates lots of sleeping options and versatility with 3 separate 230cm extra deep bedrooms. Perfect for accommodating larger king sized air beds.

## Airedale 6.0s Main Features

OXYGEN AIRFRAME TENT // LARGE FAMILY

*...The coolest tent on the campsite*

Outdoor Revolution's premium breathable air tent returns for another year. Made with our signature Pro Climate breathable fabric, the tent remains cool in the summer months for a more comfortable camping experience. The fabric has the look, feel and breathability of natural fibres and the strength, durability and lightweight properties of a man-made material. This superb large family air-framed tent is ideally suited for summer breaks in warmer climates, where breathability and keeping down the interior temperature for optimum comfort is a prerequisite; reducing interior humidity and condensation. The fully zip back front door incorporates expansive tinted windows with zip up curtains; bringing in more light to give greater flexibility to this feature packed family tent. The front door can be opened and tied back halfway or fully zipped back and can be fully sealed off at night with a zip across base. Our upgraded deeper King Deluxe bedrooms offer ample room for double air mattresses with increased standing height to the rear. The airy vortex vented bedrooms can be opened up as one giant sized deluxe bedroom, split into either 3 double rooms or 1 double and 1 king size room.

It's COOLER in Pro.Clim<sup>////</sup>.

# AIREDALE 7.0se

OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

*...Spacious and feature packed*

OXYGEN AIRFRAME 

Based on the success of the highly acclaimed Airedale 7.0, the award winning side annexe design has evolved to the next level by increasing in size, creating greater storage space or alternatively accommodating an optional 2 berth sleeping inner tent; effectively upgrading the sleeping capacity to a comfortable 9 berth up to a maximum of 11 if the optional internal inner tent is used. The parallel configuration of the side annexe means only a fraction of extra pitch space is used to the side of the tent. An external annexe side door enables the annexe to be self-contained by zipping closed the internal door and creating an independent 2 person annexe. A huge mesh panel separates the main living area from the front porch which can be zipped completely back or fully enclosed with a solid door and curtains, allowing for complete versatility, offering ventilation or open plan space. With all the premium features you would expect from our award winning Airedale range including 240cm deep bedrooms for large air beds, removable 'bathtub' front porch groundsheet and compatibility with our brand-new Oxygen Tube Pocket System (page 48), this spacious family tent is a perfect choice for those who appreciate an uncluttered and organised family camping experience.

**NEW  
FOR 2020**

# AIREDALE 8.0

OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

*...Spacious family living*

OXYGEN AIRFRAME 

The Airedale 8.0 is Outdoor Revolution's largest family tunnel tent with a cavernous living area and all the features of the bestselling Airedale range. The high-performance 180HDE Hex high density waterproof fabric is both lightweight and durable. The spacious 240cm deep eight person rear bedroom features zipped dividers, offering lots of sleeping configuration options and our new darkened twilight fabric is designed to cut down on interior light levels for a better nights sleep. We have considerably improved the breathability in all our tents by way of adding extra ventilation through mesh panels in the side doors, inner divider door panel and our famed rear bedroom vortex ventilation system which increases the air flow around the sleeping areas, for a more comfortable night's sleep.

## Airedale 8.0 Main Features

- **180HDE** Hex printed, high density all weather lightweight fabric
- Impressive 4000mm hydrostatic head

# O-ZONE 6.0XTRv

OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

*...The ultimate family air tent*

OXYGEN AIRFRAME 

Our best selling premium family air tent, packed with features not found in any other air tent on the market. Made from our high performance 480HDE high density double ripstop premium fabric with features such as the spacious high roofed living area and increased ventilation are what makes the O-Zone 6.0XTRv a firm favourite amongst families and couples who want the ultimate premium air tent. The famed Vario door system enables the front zip off door to be removed, relocated and zipped into an internal position to create an open front porch area. The six-person bedroom features zipped dividers, creating lots of sleeping options and versatility with 3 separate 240cm extra deep bedrooms and a zip off end bedroom which can be removed for extra living space when not needed. The new darkened twilight fabric in the bedrooms has been used to reduce interior light for a better night's sleep. An additional 2 person inner tent can be added to the front, increasing the sleeping capacity to 8 persons. Large panoramic tinted windows and roof lights allow light into the tent, adding an ever greater feeling of spaciousness.

# O-ZONE 6.0XTRv - ACCESSORIES ...*The little extras that make the difference*

**O-Zone 6.0 XTRv Snug Rug** - Designed to give additional luxury under foot, featuring thermal backing and padding to ensure additional comfort to any stay. The Snug Rug comes complete with moveable Velcro down 'door mats' to accommodate muddy footwear.

**O-Zone 6.0 XTRv Lounge Liner** - Creates a relaxing ambience to the interior of the tent by providing shade from roof glare in bright conditions. The added layer of insulation helps to keep the tent cool on warm days & warmer on cool days by creating an air pocket between the liner and the tent roof, helping to reduce condensation.

**2 Person Inner Tent** - Clip-in inner tent provides fantastic additional sleeping space for overnight guests. Made from darkened twilight grey micro fibre fabric to assist a comfortable night's sleep and plenty of mesh venting to ensure optimum air circulation.

**O-Zone 6.0 XTRv Mesh Door** - The standard door can be replaced by the optional Mesh Door. The Phoenix Mesh Door increases airflow whilst helping to prevent insects entering the tent, or pets and small children from escaping.

*Phoenix self healing mesh*

**O-Zone 6.0 XTRv Solid Door** - This addition really utilises the full potential of the O-Zone 6.0 XTR Vario, enabling the user to create a superb concealed storage space or a divided sleeping compartment for overnight guests or older children.

## O-Zone Canopy

The O-Zone Canopy simply zips on to the front of the tent to provide a fantastic sun canopy, or great covered cooking space. Simplistic in design and taking just minutes to connect and put up, this essential addition packs down easily and neatly into its own individual carry bag.

## CAMPESE Inflatable Furniture

Already a camping favourite, the Outdoor Revolution Campese inflatable furniture range is a stylish, contemporary addition to any family tent, driveway, or caravan awning, creating a comfortable home from home space to kick back and relax.

Available in the range are both single and double inflatable sofas and an inflatable footrest. The strength and rigidity in the furniture's exterior fabric cover make it comfortable and supportive, just like a regular sofa. The furniture is inflated through the inner air chamber and covered with a second layer durable polyester fabric that can be easily wiped clean.

New to the range for 2020 is the Campese Sofa Bed, a multifunctional double sofa which converts into either a king size adult double bed or two single childrens beds. *See page 52-53 for details.*

# O-ZONE 6.0XTR *Safari*

OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

*...The next generation premium family tent*

Introducing the Ozone 6.0 XTR Safari. This larger than life luxury family tent is constructed from our 480HDE double rip stop fabric with longevity in mind to withstand some of the toughest UK camping conditions. With its strikingly clean modern lines it's sure to turn a few heads. With the option of adding both a front and side veranda canopy, an unprecedented amount of covered living space creates a central commune for family and friends. The side veranda canopy can be further added to with optional breathable patio flooring to really finish off the look. Based on the best-selling XTR Vario, the Safari has all the features you would expect from our premium polyester range including a sewn-in groundsheet from front to back, allowing the option of a 2 berth inner to the front of the tent for guests who prefer to sleep further away from the rest of the group. The tent is compatible with the new Oxygen Tube Pocket System ([page 48](#)), and features extra-large double doors on either side (both with mesh) to allow optimum access, airflow and maximum versatility. With huge bedrooms and super-sized air tubes, this heavy-duty family tent is a perfect choice for those who look for superior quality and spacious accommodation in equal measures.

# *Safari* SIDE VERANDA SUN SHADE

SIDE SUN SHADE CANOPY FOR THE O-ZONE 6.0XTR SAFARI

Open up the double side patio doors of your brand new O-Zone 6.0XTR Safari tent and step out under the sun shaded veranda into your 'Al Fresco' living area. The Outdoor Revolution Side Veranda Sun Shade Canopy is the must have addition to the new O-Zone 6.0XTR Safari premium family air tent, completing the overall desired look with added functionality and style, creating the perfect outdoors living area. Why not add a set of Campese inflatable furniture to kick back and simply chill out on along with a shaped treadlite breathable patio carpet to complete the scene and you're ready to go. Light the BBQ, open a bottle of wine and enjoy with family and friends.

**NEW  
FOR 2020**

# Safari FRONT CANOPY OXYGEN AIR FRAME

ZIP ON FRONT AIR CANOPY FOR THE O-ZONE 6.0XTR SAFARI

Extend the front of the new O-Zone 6.0XTR Safari with the zip on Front Enclosed Air Canopy to create an open fronted outdoor living space to chill out and relax under. Perfect for sitting outside on those balmy summer evenings whilst enjoying some food and a few drinks with friends. The front canopy offers perfect shelter from showers and welcome shade from the hot sun whilst cooking outdoors, providing side protection when it gets a bit breezy. In addition, the internal tent divider door can also be removed from the main tent and zipped into the front of the canopy to provide a closed but ventilated front, perfect for keeping your pets cool and secure.

# KALAHARI PC 7.0

OXYGEN AIRFRAME TENT // EXTRA LARGE FAMILY

*...Award winning polycotton luxury family tent*

OXYGEN AIRFRAME 

Introducing the Kalahari PC 7.0 Polycotton Air Tent, Winner of Camping Magazine's 'Best Luxury Tent'. Based on the perennial success of the Airedale 7.0, the side porch design has now been taken to the next level by increasing in size and incorporating an optional 2 berth inner tent, effectively making this tent a comfortable 9 berth reaching a maximum of 11 if a secondary optional internal inner tent is used. The parallel design of the side annexe means only a fraction of extra pitch space is used to the side of the tent. An external side door enables the annexe to be self-contained by zipping closed the internal door, creating an independent 2 person annexe. The Polycotton fabric is exquisite, offering breathability, insulation and weather protection in equal parts. When cold the fabric contracts to offer heat retention, while in hot weather the fabric will 'breathe' to make for a significantly more comfortable experience inside the tent. Acoustic benefits to this heavy-duty material offer a calmer ambiance inside the tent, particularly in wind. Featuring all you would expect from this premium, award-winning tent including an optional front Polycotton extension, this modern classic is a great choice for longer stays and hotter climates.

**NEW  
FOR 2020**

Stay **COOLER** & breathe easy this summer in **Polycotton**.

# THE AWARD WINNING DOUBLE SIDE ANNEXE

EXCLUSIVE TO THE KALAHARI PC 7 & AIREDALE 7.0SE

Commended by Camping Magazine's 'Best Tent Innovation', the exclusive Outdoor Revolution double side annexe (*design registered*) is designed to take your tent to the next level with features designed to offer flexibility and multiple camping functionality. Featuring a zip back external door allowing both sheltered access, also enabling the annexe be to self-contained by zipping closed the internal door, creating an independent 2 person annexe with the addition of an optional 2 berth clip in sleeping inner tent with twin doors for internal and external access. The annexe comes complete with a clip in hanging wardrobe pole, creating a walk in wardrobe changing area with plenty of room to add a standing wardrobe for further storage of clothing and other camping items. The annexe can also be used as a private toilet, a porch entrance and space to hang wet coats and place dirty boots, a great place to dry off the dog after a walk. It also makes a great out of the way area for your pet to sleep. The parallel design of the side annexe means only a fraction of extra pitch space is used at the side of the tent.

# ATACAMA PC 6.0

OXYGEN AIRFRAME TENT // LARGE FAMILY

*...Polycotton luxury family tent*

OXYGEN AIRFRAME 

Based on the functional layout of our best-selling Airedale 7.0, the practical design of the Atacama PC 6.0 is now presented in our ultra-durable premium Polycotton fabric. An innovative side annexe is fixed to the main living area of the tent, creating a useful storage or wardrobe space, using the handy hanging rail (included). This annexe can also be zipped closed, providing private changing, private toilet space or alternatively provides a great out of the way pet sleeping area. A large zip-back mesh panel and solid door separates the central living space from the front area of the tent. An optional Polycotton extension can be zipped to the front of the tent to effectively double the size of the front porch area, creating a huge enclosable living space in excess of 5.5m – fantastic for times when weather conditions force you under cover.

**NEW

# MOJAVE PC 5.0

OXYGEN AIRFRAME TENT // MEDIUM FAMILY

...Polycotton luxury family tent

OXYGEN AIRFRAME 

Introducing the five berth Mojave PC 5.0. Based on the popular Airedale 5.0s, this modest yet spacious design has now been recreated in our ultra-durable luxury Polycotton canvas material. Perfect for couples or small families who appreciate a comfortable camping experience. The spacious central living area can be effectively doubled by rolling back the internal dividing door and large mesh panel. The 230cm deep bedrooms are separated by a zipped divider, allowing you to create one huge sleeping space if desired; also, new for 2020 is an extra-large side door, protected with an effective rain cowl which provides a wet weather entrance. The Polycotton Fly sheet is exquisite, allowing breathability, insulation and weather protection in equal parts. Dependent on the weather conditions, the fabric will contract for maximum heat retention when cold, whilst in warm weather, the material will 'breathe' to help maintain a more comfortable internal atmosphere.

NEW  
FOR 2020

Keep your **COOL** with **Polycotton**.

# CRUIZ 4.0

OXYGEN AIRFRAME TENT // SMALL FAMILY

...Family weekender

OXYGEN  
AIRFRAME

The new Cruz 4.0 is an excellent value four-berth family air tent packed with features. The tent is made with a waterproof 100HDE high density lightweight fabric and comes complete with a signature Outdoor Revolution Snugrug carpet. A stylish and functional side canopy can be created by simply zipping open the side door and propping up with canopy poles (*purchased separately*). To maximise the breathability in the Cruz 4.0, we have added our rear bedroom vortex ventilation system to increase the air flow around the sleeping area. The new darkened twilight fabric in the bedroom area has been used to reduce interior light levels for a better night's sleep. An integral open front porch canopy adds to the tent's functionality, creating a covered area and providing shelter for cooking. The front door also features a mesh ventilation panel; perfect for hot summer evenings and keeping out unwanted insects.

## Cruiz 4.0 Main Features

# FLEX 2

OXYGEN AIRFRAME TENT // SOLO / COUPLES

*...Festival or just exploring*

OXYGEN  
AIR FRAME

This compact and light weight fast pitch air framed tent is perfect for festivals or exploring. The tent's outer shell is crafted from a lightweight, waterproof 100HDE high density weave fabric. The Flex 2 can sleep two adults, but is also an ideal partner for the independent adventurer. This fast pitch inflatable tent provides dependable shelter from the elements and the freedom to explore. The tent's Dura-Tech Single Point Inflation system makes pitching and inflating the tent quick and easy using the pump provided. The tent's inner door panel features a snag proof Phoenix Mesh material which increases air flow in the tent for a comfortable night's sleep.

## Flex 2.0 Main Features

### Optional Extras:

- *Lumi Light*
- *Automatic Solar Light*

# SCREENHOUSES *...Hot lazy days*

The Outdoor Revolution pop up screenhouse range, based on three models in three sizes, is the ideal summer shelter for keeping you cool out of the sun and in the shade for relaxing in the garden or as an additional gazebo shelter alongside your caravan, campervan or tent whilst on holiday.

The robust, easy erect pop up frame system is designed for simplicity, speed and rigidity; enabling the structure to be taken out of the bag and pitched in less than one minute. Then it's simply a case of pegging down the base and guylines and your shelter is ready to kick back and relax inside with friends and few cool drinks.

Thanks to the advanced PU coating, the roof fabrics used on the Outdoor Revolution screenhouses boast a hydrostatic head rating of 3000mm, giving ample UV and weather protection with fully taped waterproof seams. The easy erect pop up frame features the Outdoor Revolution hub system, quality built for durability and years of use with its solid, built to last fibreglass frame.

The Outdoor Revolution signature Phoenix mesh material is used to ventilate your screenhouse, keeping you cool inside with complete unrestricted air flow whilst keeping out insects. Perfect for cooking inside as the ventilated mesh panels help to eliminate condensation whilst taking away any cooking smells (whilst taking care to keep heat sources at a safe distance from the sides and roof).

The perfect summer shelter for both home and away...

# ACCESSORIES

Essential quality branded camping accessories

## Innovation, quality & something new...

Here at Outdoor Revolution, we pride ourselves on always offering our customers something different, but always with quality and functionality in mind. Some of our best products have been invented and designed specifically by us through our commitment to innovate and to offer something that no one else has thought of.

Our acclaimed 'Lumi' range of camping lighting offers everything from LED strip lighting to our exclusive design registered 'Up/Down' shade lighting for use with the Lumi light. For 2020 we have extended our popular range of mosquito killer lights with 2 additional exclusive models including a collapsible travel model.

For this coming season our furniture range sees some new models including bench table and seating along with new camp beds and chair models. Check out the new Campese inflatable multifunctional sofa bed (page 53) and the awesome Pronto Pop Up Windbreak (page 49).

So whatever your accessory needs, from tent pegs to windbreaks; we pretty much have it covered.

### TWIN BUNK CONVERTS INTO 2 SINGLE BEDS

# NIGHTFALL SINGLE AIR MATTRESS

INFLATABLE AIR MATTRESS WITH AN INTERNAL MANUAL AIR PUMP SYSTEM

The Outdoor Revolution Nightfall air mattress is a high-tech lightweight TPU luxury single air bed, offering premium quality, strength, comfort and convenience. Incorporating its own internal manual pump inside the pillow; simply inflate by opening up the valve and pressing repeatedly down firmly on the pillow until the desired firmness is achieved. Also incorporates side snap fasteners, allowing you to join to another bed, creating a double mattress. A perfect no fuss air bed for lightweight camping, also makes a perfect luxury topper mattress for camp beds and bunks.

## Main Features

- Soft touch coated TPU material
- Ergonomic comfort contour design
- Internal manual inflation pump system
- Snap fastener connection system
- Includes a draw string pouch bag
- Size - 200cm x 65cm x 10cm

NEW  
FOR 2020

# OXYGEN TUBE POCKET SYSTEM

HANDY STORAGE POCKETS WHICH TOGGLE TO YOUR OXYGEN AIR TUBES

Exclusive to Outdoor Revolution, the Oxygen Tube Pocket Storage System (*design registered*) is a simple and convenient way of adding extra out of the way storage space to your Outdoor Revolution air tent. Compatible with most 2020 season models, the expanding bellow mesh 3 pocket system easily attaches to the rigid interior air tube sleeve with a simple toggle and ring system. The strong rubberised mesh material is strong enough to store away items such as shoes, magazines, phones, tablets, keys, loose change, torches, small items of clothing etc... Being made of waterproof rubberised mesh, its also a brilliant place to dry out damp footwear. When not in use, the pockets can be folded flat against the air tube and held in place with a Velcro tab.

Another brilliant innovation from Outdoor Revolution!

- Lantern hanger

## MOSI KILLER LANTERN

### LUMIMOSILANTERN COLLAPSIBLE MOSI LANTERN

The perfect lantern light for those summer nights when mosquitos and midges are out in force. Built in to the lantern is a pop out mosquito killer which quickly dispatches any unfortunate flying nasty that is attracted to the light. The mosquito killer can be used independently inside your tent during the night to mop up any biting nasty that might want to prey on you whilst you sleep.

- 3 lantern light setting
- Amber mosi safe light mode that does not attract mosquitos or midges
- USB charging
- Built in USB power bank charging
- Pop out mosi killer
- Lantern hanger

## TRAVEL MOSI KILLER

### USB CHARGING COLLAPSIBLE TRAVEL MOSI KILLER

The perfect compact mosquito killer companion for camping and travelling abroad where mosquitos and midges are a concern. This USB charging UV mosquito killer collapses down to only 9cm x 5cm and weighs less than a mobile phone. The perfect size for slipping into your hand luggage. When in use, simply expand the 3 section cage to its full size and switch on the UV LED lights for a full 8 hours operating time when fully charged. The killer is fitted with a clever pop out hanging hook to allow it to be hung in a convenient position in your tent or awning.

## USB CHARGING HUB

### USB CHARGING HUB 12V - 4 POINT USB POWER HUB

Brand new innovative product, moving with today's technology. Essential for charging modern smart phones, tablets, LED lighting whilst camping. The unit is powered by connecting to your vehicle's 12v power outlet.

- 4 x USB charging / power sockets (2 x 5v for mobile phone charging and 2 x 12v for powering the Lumi Link LED lighting kit through the USB option)
- 1 x 12v extension / power outlet
- Compact design
- Wind in cable tidy internal storage reel
- Power indicator LED light

## TECH PEGS

The Tech-Peg is a technical tent peg, designed with a tough double sided peg head for holding guy lines and pegging down points safely and securely. The twisted nail shaft helps to achieve a better grip and easier insertion into awkward ground. Sold conveniently in their own durable storage box with integrated peg cleaner in the box lid for cleaning dirty pegs before putting them away.

## STORM KIT

The Deluxe Storm Kit incorporates all you need to secure your awning or tent in awkward, stormy conditions. The kit includes 15 Tech-Pegs for easy pegging and firm hold, 2 adjustable Endurance Storm Straps and a cleverly designed, curved handled mallet, ergonomically designed to aid when placing pegs at awkward angles.

## ANGLE MALLET

The Angle Mallet is cleverly designed to help place pegs into the ground at the correct angle. The weighted mallet head makes light work of placing pegs into hard ground. Incorporating a handy peg puller at the end of the handle.

## MULTI- MALLET

The Multi-Mallet is a technical mallet with multifunctional features that make it a 'must have' camping accessory for everyone. Incorporating an extending peg puller to help prevent back ache caused by bending over when extracting pegs. This conveniently retracts back into the lightweight alloy handle when not in use. A convenient brush peg cleaner can be accessed to clean up those dirty pegs before putting them away. A weighted rubber mallet head makes light work of knocking pegs into hard ground.

## DOUBLE ACTION PUMP

The Outdoor Revolution Double Action Air Pump is designed for the fast inflation of your Air Frame Awning, Tent, inflatable boat.

Incorporating an automatic switch from double to single action when the pressure exceeds 400 mBAR (5.8 PSI). Suitable to inflate Outdoor Revolution Oxygen Air Frame awnings, tents & inflatable boats. Capacity: Max 4,000 cc – max pressure 800 mBAR (11.6 PSI).

## JET-STREAM TWIN AIR PUMP

### JET-STREAM TWIN

COMPACT HIGH PRESSURE TWIN TURBO AIR PUMP

The Outdoor Revolution Jet Stream twin pump is a compact and speedy high pressure air pump, designed specifically for inflating your air tent or air awning at nearly twice the speed of its smaller version. The pump can be set at the desired PSI setting and will automatically cut off once the correct pressure is reached, preventing tube damage often caused by over inflation. The pump also features twin 5v USB charging points for mobile phones or other Outdoor Revolution USB charging products. Complete with a set of valve adaptors to fit most brands of air tent products. Also features a 5m retractable cable which is housed neatly inside the main unit.

- Powerful and fast twin internal high pressure pumps
- Twin USB charging points for phones, tablets and other USB products
- Adjustable pre-set PSI auto cut off feature
- Digital lcd screen readout indicator
- Can be set to inflate to a maximum of 8 psi
- Internal wind in 5m cable tidy reel with secure housing clip
- Includes a handy carry/storage bag
- Includes air hose & valve adaptors

5m Extension Cable Available

## POWER PEGS

Robust Power Pegs pegs, ideal for use on hard and stony ground. Cost effective tough pegs to ensure secure pitching into the hardest of ground.

### Glow Pro

A heavy duty steel peg that glows in the dark and helps prevent accidents by tripping over pegs at night. Set of 20 per box.

### Screw Pegs

Ideal for use in hard & shaley ground. More solid & robust than standard pegs & designed for easier pegging. Set of 20 per box.

### Hard Ground Pro

Blue Diamond Hard Ground Pegs are heavy duty metal pegs for tents and awnings with a bright orange plastic hook for extra visibility. Set of 20 per box.

### Daisy Pegs

Box of 20 novelty tent & awning pegs with peg cleaner. Assorted mix & match multicoloured flower heads. Set of 20 per box.

### Groundsheet Pegs

A heavy duty steel groundsheet peg, suitable for all groundsheet pegging. Works great on hard, stony and difficult ground. Set of 15 per box.

### Pile Driver Pro

Thick, heavy duty steel peg with corkscrewed shaft for extra grip in hard, stony ground. Set of 20 per box.
