

New for 2021 - Caravan, Motorhome & Driveaway Awnings

MOVELITE T4E PC

PREMIUM FEATURE PACKED POLYCOTTON DRIVEAWAY WITH OPTIONAL ADD ONS

Introducing the **Moveelite T4E PC**, the flagship model in our driveaway awning range. The familiar footprint of the top-selling Moveelite T4 has now been recreated in our exquisite breathable Polycotton Fabric, perfect for hotter climates and built to withstand extended amounts of UV exposure.

Uniquely this awning has a back door which allows for the connection of a zip-on bedroom annex, creating a private and enclosable permanent sleeping or storage space without encroaching on the large internal living area. The built-in front canopy can be fully enclosed using an optional porch door which comes complete with a full mesh panel, there is also a zip to allow attachment of a large Sun Canopy.

If you are searching for comfort and quality in a versatile driveaway awning, look no further than the Moveelite T4E PC.

A firm favourite range amongst campervan enthusiasts, showcasing our most popular models with the addition of the all new Moveelite T4 PC polycotton model.

Eclipse Pro 420

MODERN CUTTING EDGE DESIGNED, PREMIUM SINGLE INFLATION AIR AWNINGS

The all-new **Eclipse Pro 420** is set to become a firm favourite amongst tourers this season. Based on the popular width of 4.2m the Eclipse Pro 420 boasts a myriad of features including our famed Dura-Tech fully welded air frame with single point inflation for super-fast pitching. As with all our premium awnings, the frame is protected by our Intelligent Frame system (IF) which regulates the air pressure and protects from over inflation and is backed up by our lifetime air tube guarantee.

The Eclipse Pro 420 has plenty of ventilation, with toughened zip back breathable mesh panels built into both side doors, letting in plenty of air whilst keeping flying insects out. A full zip in mesh accessory door is also available for both side doors, perfect for warm climates. An optional Conservatory Annex is also available which can be zipped to either end of the awning creating a large sleeping area, or a windowed conservatory/storage space.

CAYMAN
DRIVE AWAY

Reloaded... An eclectic collection of 12 new driveaway models for 2021

Discover the all new Cayman drive away family. Cayman driveaways reloaded... An eclectic collection of 12 new models with updated & upgraded versions of existing favourite best selling models, plus 6 brand new introductions covering all popular van heights. Never has a driveaway range covered every possible individual requirement.

Constructed from our trusted lightweight 100HDE high density technical fabric with options in both air frame & traditional fibreglass frames, including 4 models with Velcro-in removable ground sheets, the new Caymans carry an air of understated confidence with sleek design lines & classic tri colour livery to coordinate & complement any campervan or motorhome. New for 2021 the Cayman Air & Cayman fibreglass glass models can now be fitted with a side attaching 2 berth annexe for added functionality. The new twin ended Cayman Combo model can be fitted with an ambidextrous end porch, making it one of the most versatile driveaways on the market for both left & right hand vans.

Rediscovered & reinvented; the all new 2021 Cayman family, more than just driveaway awnings!

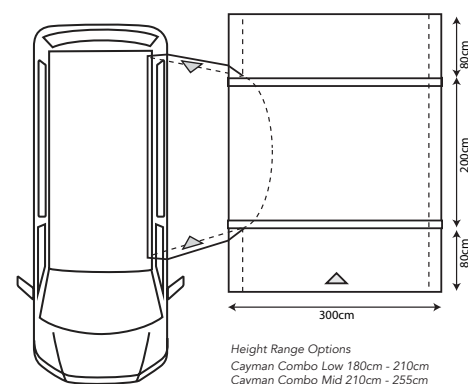

Optional twin fitting porch door extension available

Twin ended versatility...

The innovative and versatile **Cayman Combo Air** offers mirrored access from both the front and back of the awning giving complete flexibility to suit individual needs. Cleverly designed to fit on both left and right sides of a vehicle this hybrid awning is pitched using both air tubes and poles, with an option to add a Porch Door to the front and/or back creating a fully enclosed usable space outside the main living area. The Cayman Combo Air comes with a wealth of features including a 'fold-flat' sewn-in groundsheet, mesh fly screen panels on all doors, and an option to add a 2-berth inner tent. Look no further than the Cayman Combo Air for style and versatility at a great price.

Loose weight & discover the faster, lighter awning option...

New for 2021, the Porchlite Air awning range takes on the all new Sportlite Air addition, adding 2 further awning models in 320 & 400 widths, including a tall motorhome height option available in the 320 size model. Constructed from 280HDE fabric, a technical fabric with a high strength to weight ratio, always a bonus where keeping weight down is a pre requisite, especially when attaching to wind out awning rails on motorhomes where weight can be an issue.

Sportlite awnings models with zip out side doors with Phoenix mesh panels to take the Sportlite annexe on either left or right hand side. A fully welded Dura-Tech air frame enable super fast single point inflation, protected by the Outdoor Revolution signature pressure relief valve.

Porchlite Air compact models are available in 200 and 260 widths options, zip up front doors which can be used as a canopy with the addition of optional canopy poles. Zip back side doors feature Phoenix mesh ventilation panels as standard.

Premium air awnings with options for caravans & motorhomes...

Comprising of 3 models in 330, 380 & 420 widths plus annexe, with the addition of 2 further motorhome height models in the 380 size. Adorned with a myriad of features including the famed Dura-Tech fully welded Oxygen air frame with single point inflation for super fast pitching. As with all our premium awnings, the frame is protected by our signature Intelligent Frame System backed up by our lifetime air tube guarantee.

The Eclipse Pro awning range has plenty of ventilation, with toughened zip back breathable mesh panels built into both side doors, letting in plenty of air whilst keeping out flying bugs. A full zip in mesh accessory door is also available for the central door in the 380 & 420 models as well as both side doors, perfect for warm climates.

Constructed in the luxury 600HD premium awning fabric for durability & complete weather protection, the clean lines of the Eclipse Pro model sets the bar high when it comes to modern cutting edge design.

Eclipse Pro 420 - Anything else falls into its shadow

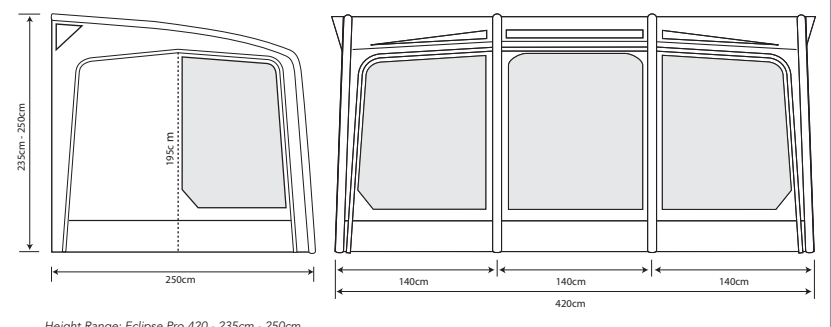

ETP **£1,069**

SHOWN WITH THE OPTIONAL ECLIPSE PRO 2 BERTH ANNEXE & OXYGEN WINDBREAK

Spacious, feature packed premium awning...

The all new **Eclipse Pro 420** is set to become a firm favourite amongst tourers this season. Based on the popular width of 4.2m the Eclipse Pro 420 boasts a myriad of features including our famed Dura-Tech fully welded air frame with single point inflation for super-fast pitching. As with all our premium awnings, the frame is protected by our Intelligent Frame system (IF) which regulates the air pressure and protects from over inflation and is backed up by our lifetime air tube guarantee. The Eclipse Pro 420 has plenty of ventilation, with toughened zip back breathable mesh panels built into both side doors, letting in plenty of air whilst keeping out flying bugs. A full zip in mesh accessory door is also available for both side doors, perfect for warm climates, another great addition for the Eclipse pro 420 is the optional Conservatory Annex which can be zipped to either end of the awning creating a large sleeping area, or a windowed conservatory/storage space.

Height Range: Eclipse Pro 420 - 235cm - 250cm

Stylish premium single inflation air awning

The all-new **Eclipse Pro 330** will be a firm favourite amongst tourers this season. Based on the popular width of 3.3m it boasts a myriad of high-end features including our famed Dura-Tech fully welded air frame with single point inflation for super-fast pitching. Offering plenty of ventilation through toughened zip-back breathable mesh panels on both side doors, there is an abundance of air flow whilst flying insects are kept out. For extended living space, a fantastic Conservatory Annexe can be zipped onto either side to create a large sleeping area, or a windowed conservatory/storage space.

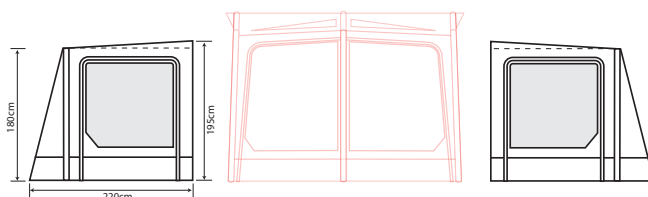

Height Range 235cm - 250cm

Weight 24.87kg
Pack Size 81x51x43cm
Footprint 250 x 330cm
Awning Piping Length 420cm

Eclipse Pro Annexe

The single point inflation **Eclipse Pro Annexe** is the perfect solution for larger touring families seeking extra utility space on either side of any of the Eclipse Pro caravan and motorhome awning range, granting an extra-tall flexible conservatory space, which can function as storage, living, or bedroom space using the inner tent provided.

Weight 10.8kg
Pack Size 76x35x26cm
Footprint 220x230cm
