## O-ZONE 8.0 Safari Lodge

### PREMIUM FEATURE PACKED 6+6 BERTH FAMILY AIR TENT WITH TWO SIDE ANNEXES

Introducing the flagship Ozone 8.0 Safari Lodge, our latest addition to the high specification O-Zone collection. This premium inflatable Six plus Six berth tunnel tent is a hybrid design combining the top-quality features of O-Zone 6.0XTR Safari and the innovative double side annex from Airedale SE collection. Utilizing an intelligent design to maximise functionality, space, flexibility and longevity, which can comfortably accommodate up to Twelve adults, using 3 x optional two berth inner tents, this family tent has been constructed from an exclusive 480HDE High Density Double Rip-Stop Polyester fabric, which has been engineered to withstand even the toughest of weather conditions.

The O-Zone 8.0 Safari Lodge integrates every popular innovation found on its predecessor, such as the double width side access doors on each side of the tent, the unique sewn-in front porch groundsheet, a wealth of mesh ventilation including a removable central door

panel with mesh windows, and darker 'Twilight' bedroom inners to name a few. One important feature of 'The Lodge' is the separation of bedroom options, effectively offering a total of 4 completely detached and separate sleeping areas, great for families or groups who want their own space.

An optional front porch extension canopy and side veranda canopy extension can be purchased to create a central commune area, granting an unprecedented amount of sheltered living space, making it perfect for winding down with friends, family, or unexpected guests. This heavy-duty family tent is the ultimate choice for families craving supreme quality, spacious accommodation and a refined sense of luxury in equal measures.

AIREDALE

A trusted family favourite since 2016, re inspired by campers for campers...

Redesigned for 2021, the already iconic Airedale range has become a firm & trusted favourite amongst campers since 2016 when the range was first launched. Inspired by the needs of serious family campers, utilising cutting edge technologies & the very best technical fabrics, this inspired stunning collection of 5 models offers something for everyone. Ranging from a compact 5 berth family model all the way up to a seriously large family model sleeping up to 13 people.

The award winning multifunctional double rear annexe (registered design) now features on 3 models, offering additional sleeping, storage, toilet & utility space plus rear access. With multiple ground breaking practical features including double width patio side doors with full mesh ventilation, there isn't much more that we could cram in. When it comes to upgrading & expanding, the all new Airedale air tent range offers an add on side porch awning & front porch extensions, compatible with selected models to vastly increase usable living space & providing greater user functionality.

We think you too will be inspired!

BEST 10 FAMILY TENTS

## The ultimate family air tent...

The impressive **Airedale 9.0SE** has the unique feature of multi-functional double side annexes (Registered design) on BOTH SIDES. These critically acclaimed annexes have been designed to function as access points, flexible utility space or two berth sleeping areas. A huge zip-back panel with mesh windows separates the internal living space from the front porch, which allows for complete versatility, ventilation, and a feeling of open space. Utilizing the premium innovations expected of our long-standing Airedale collection we have now introduced a NEW Double width Patio style side door. With a handy side access door incorporated into the front porch, this is the perfect large family tent for those who truly appreciate a spacious camping experience.

SLEEPS UP TO 13 PEOPLE

# The pinnacle of aspirational modern family air tents reinvented

Since the conception of the ground breaking O-Zone range in 2016, the O-Zone air tent has become the aspirational tent of choice for families looking for luxury with features not to found in any other family air tent on the market. Updated, upgraded & pushing the boundaries of cutting edge design; the all new 2021 range of 3 stunning luxury family air tents deliver every conceivable function imaginable... & then some more.

Features abound in the new O-Zone Safari range, such as the award winning double rear annexe (registered design) & the all new versatile front living annexe. Twin double width patio doors with full mesh, front vestibule ventilated cooking area, roof light windows, darkened 240cm deep luxury bedrooms with removable end compartment; the list goes on.

Complete the look with the side sun wing shade, expand with the front porch extension, add shelter with the front canopy.

...Pushing the boundaries of family air tent design for campers with aspirations!

## The pinnacle of luxury family air tents...

Introducing our flagship **O-Zone 8.0 Safari Lodge**, the latest addition to our high specification O-Zone collection. Constructed using 480HDE High Density Double Rip-Stop fabric, this premium 6+6 berth air tent is uniquely designed to combine the top-quality features expected of the O-zone range and our award-winning double side annex. We have integrated popular Outdoor Revolution innovations including twin double-width side access doors, a unique sewn-in front porch groundsheet, and a removable central door panel with mesh windows.

One important feature of 'The Lodge' is the sleeping options, effectively offering a total of 4 completely detached and separate areas, great for families or groups who need their own space. An optional front porch extension and side veranda canopy can be purchased granting an unprecedented amount of sheltered living space. This heavy-duty family tent is the ultimate choice for families craving supreme quality, spacious accommodation, and a refined sense of luxury.

## Alfresco on another level...

The **O-Zone 6.0XTR Safari** has become a sought-after model following its release in 2020. This premium family air tent utilizes an intelligent design to maximise space, flexibility, and longevity, and offers unique sleeping options to comfortably accommodate up to eight adults. Constructed from a heavy-duty 480HDE high density rip stop material, this tent is packed full of premium features, including the new addition of double-width side access doors and the unique sewn-in front porch groundsheet. There is a removable internal divider panel which can be used to isolate the front porch as a sleeping area if desired. An optional front porch extension and side veranda canopy can be added to create an unprecedented amount of sheltered living space, making it perfect for winding down with friends, family, or unexpected guests.

# Discover our breath taking range of breathable polycotton tents!

Discover our celebrated range of breathable polycotton family air tents with an eclectic collection of 3 models; from the Mojave PC 5.0 compact 5 berth continental tourer to the double award winning Kalahari PC 7.0 large family air tent. Designed by campers for campers, boasting exclusive features not to be found in any other air model on the market such as the award winning multifunctional double side annexe & the aspirational side sun wing accessory.

Constructed from our trusted technical polycotton fabric for breathability, keeping down the internal temperature in warm weather whilst vastly reducing humidity & condensation plus cutting down external noise. With exceptional features such as roof light windows, extra deep darkened bedrooms & our famed air tube pressure relief valve system as standard, it's clear to see the distinct advantages that this range offers for camping in warmer climates.

With add on front extensions for the Atacama & Kalahari models, you can expand for more space & functionality.

It's time to rediscover camping with technical polycotton like a breath of fresh air!

## The Kalahari PC 7.0 - Award winning luxury polycotton

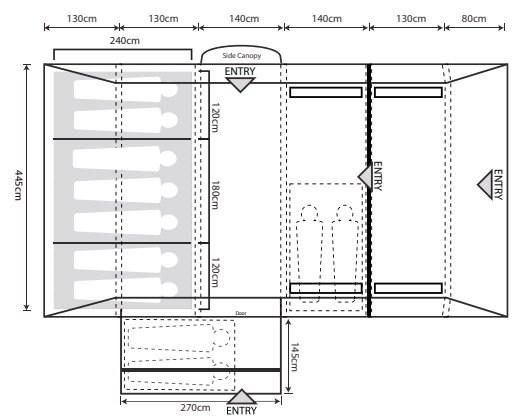

[VIEW THE FULL DETAILS ONLINE](#)

## Stay cool & breath easy this summer in polycotton...

Introducing the premium seven berth Kalahari PC 7.0 breathable inflatable family tent, created from a durable, breathable and water resistant polycotton material. Based on the perennial success of the Airedale 7.0, we have taken the innovative side porch to the next level with an exclusive multi-functional double side annexe; this annexe has been designed to function as an access point, flexible utility space or two berth sleeping bedroom, giving you the option of increasing sleeping capacity by two. A maximum sleeping capacity of eleven can be reached should you choose to purchase a secondary optional two berth inner tent. The parallel design of this porch area means that only a fraction of extra space is utilized at the side of the family tent.

The Polycotton Flysheet is exquisite, allowing breathability and insulation in equal parts, dependent on the weather conditions; the fabric will contract for maximum heat retention when cold, whilst in warm weather, the material will 'breathe' to help maintain a more comfortable internal atmosphere.

## Optional extension & side sun wing available

### Key Features

- Breathable Premium Polycotton fabric
- Inflatable ultra sturdy XL Gothic arch Oxygen Air Frame
- LIFETIME GUARANTEE on the Air Frame System (T's & C's apply)
- Dynamic Speed Valve & Intelligent Frame relief valve

## Luxury polycotton family tent

The **Atacama PC 6.0** offers the perfect combination of comfort, space, and quality. Our famed side annex design has been recreated in ultra-durable breathable Polycotton canvas material, and now is available in both Air Frame and Steel Pole options for ultimate stability. The innovative side utility annexe can function as a cloakroom (*wardrobe rail included*), an alfresco lavatory or even a dressing room; this annex can be zipped totally shut for maximum privacy. Internally there is ample room for the whole family to enjoy, including a large front porch area separated using a solid divider door panel and expansive mesh panel; both can be rolled back to create an opulent open plan interior.

Also available as a steel pole option - ETP £1399

## Luxury polycotton compact tent

The **Mojave PC 5.0** is perfect for couples or small families who seek optimum comfort from their camping experience. Created from an exquisite, durable, and breathable polycotton material which allows breathability and insulation in equal parts, helping maintain a comfortable internal atmosphere. The modest yet flexible design offers an airy internal space which effectively doubles when the central door and large mesh panel are zipped back. The two extra-deep bedrooms are separated using a zipped internal divider which can be totally removed to create one enormous sleeping area.
