The ultimate family air tent...

The impressive **Airedale 9.0SE** has the unique feature of multi-functional double side annexes (Registered design) on BOTH SIDES. These critically acclaimed annexe's have been designed to function as access points, flexible utility space or two berth sleeping areas. A huge zip-back panel with mesh windows separates the internal living space from the front porch, which allows for complete versatility, ventilation, and a feeling of open space. Utilizing the premium innovations expected of our long-standing Airedale collection we have now introduced a NEW Double width Patio style side door. With a handy side access door incorporated into the front porch, this is the perfect large family tent for those who truly appreciate a spacious camping experience.

Key Features

- 240 HDE high density all-weather lightweight fabric
- Hydrostatic head of 4000mm
- Oxygen Air Frame with dynamic speed valve & intelligent relief valve system
- LIFETIME GUARANTEE on Air Frame System (T's & C's Apply)

Award winning side annexe...

Redesigned for 2021, the **Airedale 7.0SE** is a firm family favourite. The critically acclaimed and exclusive multi-functional double side annexe (Registered design) can function as either an access point, flexible utility space or two berth sleeping area. The parallel design means that only a fraction of extra pitch space is used to the side of the tent. A huge zip-back panel complete with mesh windows separates the internal living space from the front porch, allowing for complete versatility, ventilation, and a feeling of open space. Utilizing the premium innovations expected of our long-standing Airedale collection, this is the perfect tent for families looking for a spacious camping experience.

The pinnacle of aspirational modern family air tents reinvented

Since the conception of the ground breaking O-Zone range in 2016, the O-Zone air tent has become the aspirational tent of choice for families looking for luxury with features not to found in any other family air tent on the market. Updated, upgraded & pushing the boundaries of cutting edge design; the 2022 range of 2 stunning luxury family air tents delivers every conceivable function imaginable... & then some more.

Features abound in the new O-Zone Safari range, such as the award winning double rear annexe (registered design) & the all new versatile front living annexe. Twin double width patio doors with full mesh, front vestibule ventilated cooking area, roof light windows, darkened 240cm deep luxury bedrooms with removable end compartment; the list goes on.

Complete the look with the side sun wing shade, expand with the front porch extension, add shelter with the front canopy.

...Pushing the boundaries of family air tent design for campers with aspirations!

The O-Zone 8.0 Safari Lodge Space & luxury in equal measures

ETP **£1,999**

SHOWN WITH OPTIONAL FRONT EXTENSION & SUN WING SIDE CANOPY

The pinnacle of luxury family air tents...

The flagship **O-Zone 8.0 Safari Lodge**, is the ultimate in high specification, space & luxury. Constructed using 480HDE High Density Double Rip-Stop fabric, this premium 6+6 berth air tent is uniquely designed to combine the top-quality features expected of the O-Zone range with our award-winning double side annexe and multifunctional front living annexe. We have integrated popular Outdoor Revolution innovations including twin double-width side access doors, a unique sewn-in front porch groundsheet and a removable central door panel with mesh windows. One important feature of 'The Lodge' is the sleeping options, effectively offering a total of 4 completely detached and separate areas, great for families or groups who need their own space. An optional front porch extension and side veranda canopy can be purchased, granting an unprecedented amount of sheltered living space. This heavy-duty family tent is the ultimate choice for families craving supreme quality, spacious accommodation, and a refined sense of home from home luxury.

NEW

OXYGEN
AIR FRAME

**OWNER
SATISFACTION
AWARDS
2022**

ETP **£2,499**

Stay cool & breath easy this summer in polycotton...

Introducing the premium 9+4 berth Kalahari PC 9.0 DSE inflatable family tent, created from a durable, breathable and water resistant polycotton material. Based on the perennial success of the Airedale 9.0 DSE, we have taken the innovative side annexe to the next level with exclusive multi-functional inflatable twin double side annexes; designed to function as an additional access point offering flexible utility space or 2 x 2 berth sleeping bedrooms (right side 2 berth bedroom inner tent included), giving you the option of increasing sleeping capacity even further. A maximum sleeping capacity of 13 can be reached should you choose to purchase a further optional two berth front porch fitting inner tent and annexe inner tent.

With the optional addition of a front extension (purchased separately) the Kalahari PC 9.0 DSE offers limitless possibilities in terms of functional options and palatial space.

The Polycotton Flysheet is exquisite, allowing breathability and insulation in equal parts, dependent on the weather conditions; the fabric will contract for maximum heat retention when cold, whilst in warm weather, the material will 'breathe' to help maintain a more comfortable internal atmosphere.

**BRITISH DESIGNED
QUALITY ASSURED**

SCREENHOUSES

A collection of 4 new quick erect screenhouse models...

New for 2022 the four Outdoor Revolution Screenhouse models feature the 'Pronto' quick erect pop-up system & can be quickly & easily set up by just one person in a matter of a couple of minutes. The deluxe DLX models come with additional features such as integral zip down & roll up privacy weather panels & side PVC windows. Fitted with tough side mesh panels for ventilation and sun protection, these screenhouse are sure to keep you cool whilst offering shelter from the wind. Kader piping is attached to all model fronts for direct attachment of an optional Outdoor Revolution windbreak (fitted with Kader piping to connect with a figure of '8' connector) for added shelter & privacy.
